

Sample PDF Document

This is a sample PDF document created for testing the QA bot.

It contains multiple lines of text to simulate a document that might be uploaded for question answering.

The purpose of this document is to provide a basic structure and content that the QA bot can process, generate embeddings, and provide answers.

You can ask questions like:

1. What is the purpose of this document?
2. What is this document used for?

Feel free to test the document with your QA bot implementation.
